

# Lesson 13B

## Facebook Special

### Introducción

<b>Mark</b>	Esta semana Alba y yo hemos estado súper ocupados así que no hemos tenido tiempo para grabar un episodio de STS. Hemos quedado para el martes de la semana que viene así que publicaremos el episodio el miércoles. Entretiempo, después de nuestro episodio sobre Facebook de la semana pasada, he decidido hacer un episodio suplementario sobre el vocabulario de Facebook en español.

### How to use Facebook in Spanish

Use the instructions below if you would like to practise your Spanish by using the Spanish language version of Facebook.

1. Go to settings (top right of screen)

2. Select the Language tab in your settings menu.

3. Choose **Español** from the language pop-up menu.
4. From now on, the Facebook interface will be in Spanish and you'll receive Spanish notifications of new friends, comments, etc.
